

## Recognizing Rift Valley Fever: FAO Animal Health Manual. 17 (Hardback)

By F. Glyn Davies, Vincent Martin

Food Agriculture Organization of the United Nations (Fao), Italy, 2003. Hardback. Book Condition: New. Language: English . Brand New Book. Rift Valley fever is one of the most significant zoonotic disease problems in Africa. The occurrence of the highly fatal haemorrhagic human disease syndrome, similar to Ebola and other haemorrhagic fevers, generates a degree of panic among the human populations at risk. RVF is highly contagious for humans if animals are viraemic at the time of slaughtering. In susceptible livestock populations, it is responsible for large numbers of abortions and stillbirths. However, one of RVF's greatest impacts is upon trade in livestock. Even if the disease tends to disappear after epizootics, livestock bans may last for several years, severely affecting the livelihood of pastoralists. This manual aims at helping staff from veterinary services and laboratories to recognize the disease rapidly when it occurs. It provides an overview of the disease, describes clinical signs and the most important differential diagnosis, and guides the user on how to proceed if a case of RVF is suspected.

### Reviews

*This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).*

-- **Prof. Buddy Leuschke**

*Extremely helpful to any or all category of men and women. It really is rally exciting through reading time. I am just happy to let you know that this is basically the greatest pdf i have got go through in my personal existence and may be he finest book for at any time.*
